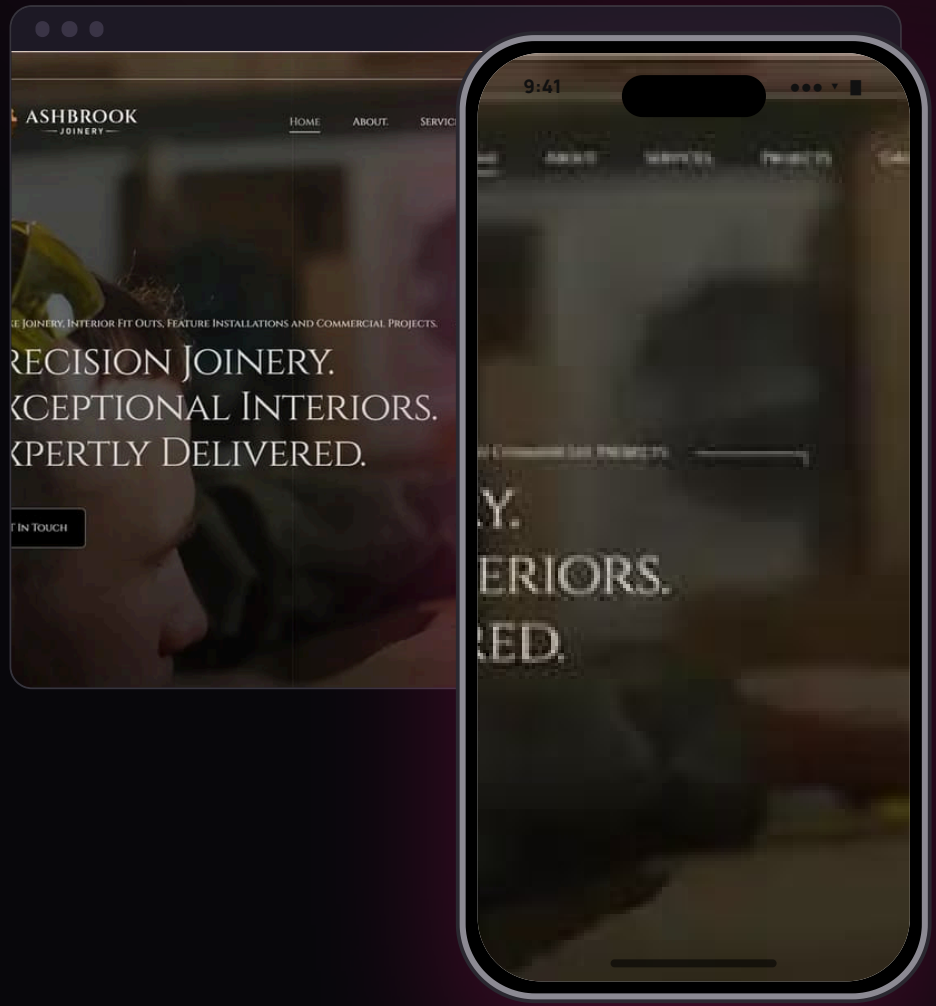
WEBSITES FOR CARPENTERS AND JOINERS

Let your work do the selling.

A short guide to how customers pick a joiner now, the galleries your site needs and how we build them.

Kitchens · Staircases · Wardrobes · Doors · Town pages



HOW CUSTOMERS FIND YOU NOW

Nobody commissions a kitchen off a services list.

People spend a fortnight looking at photographs before they ring anybody. Most joiners' sites give them one blurry picture and a list. Three questions come first.

1

What have you made?

Galleries by job type with enough photos that someone can picture theirs.

2

Is this out of my budget?

Honest guide ranges so people do not assume the worst and never ask.

3

Will you turn up and finish?

The process explained step by step so people know what happens and when.

4

Can AI tools name you?

ChatGPT and Google's AI answers read clear job and town pages. Vague sites get skipped.

HOW WE KNOW YOUR TRADE

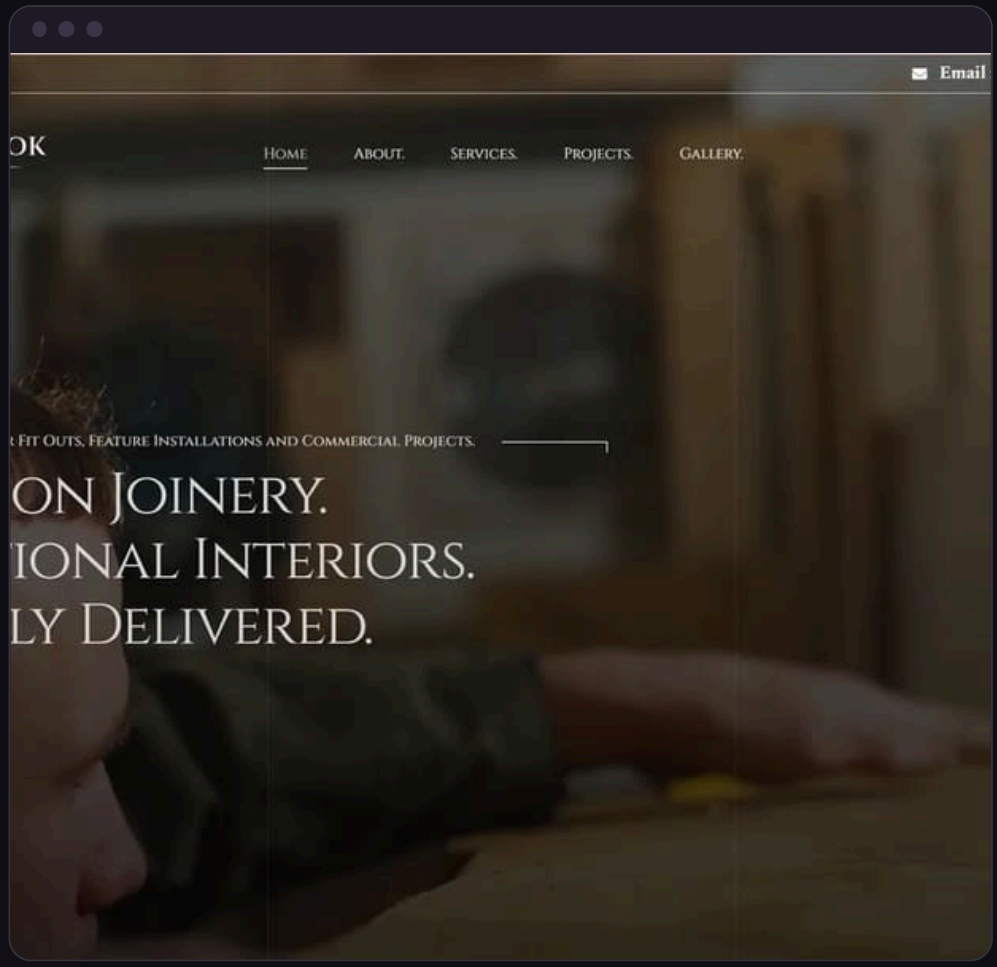
WHAT WE BUILD

The pages a joiner site needs.

You write nothing. We write it, you read it and nothing goes live until you are happy.

- **Galleries by job type:** kitchens, staircases, wardrobes, doors and garden rooms.
- **Honest guide prices** that filter out time wasters and reassure everyone else.
- **Your process explained** from design and survey to workshop and fit.
- **Photos handled properly** cropped so the work fills the frame and fast to load.
- **Trade body badges** such as Guild and FMB where people look for reassurance.
- **A page per town** with real jobs because bespoke buyers search locally.



NEED IT SOONER?

Need it sooner? We can design and go live faster.

Many people plan a kitchen or a staircase before the new year or the summer, so a site that is live in days is already showing your work when they start looking. Most sites go live in 5 to 10 working days. When you need it quicker, tell us and we will move faster.
